February 4, 2021

Dear Herrick Staff and Families:

District 58 was notified today that a Herrick seventh grade student tested positive for COVID-19, Tuesday, Feb. 2. The student has not been at school since Thursday, Jan. 28.

Per Illinois Department of Public Health (IDPH) guidelines, the student must stay home at least 10 calendar days from onset of symptoms or, for asymptomatic cases, from the COVID-19 test date, AND for 24 hours with no fever (without fever-reducing medication) AND improvement of symptoms. The individual is following these requirements.

At this time, we do not believe the student was in close contact with any District 58 students or staff members while at school due to maintaining strict social distancing requirements. In the event the District learns there were close contacts with other students or staff outside of school, those individuals will be required to complete a 10-to-14 day quarantine, in accordance with [IDPH guidelines](#). There is no known school link to these cases.

District 58 will continue to follow all protocols outlined by the IDPH when a student or staff member tests positive. Additionally, the District's custodial staff thoroughly cleans and disinfects all areas of our schools and offices every evening. Elementary schools are also disinfected between morning and afternoon sessions.

District 58 also notified the DuPage County Health Department (DCHD) of the positive case to ensure that protocols, contact tracing and the self-certification process were strictly followed. The health and safety of our students, staff and families is paramount, and we will continue to follow all guidelines called for by the IDPH and the DCHD. Please continue to wear masks, adhere to social distancing requirements, and thoroughly wash and/or sanitize your hands as this is the best way to combat the spread of COVID-19.

Sincerely,

Dr. Kevin B. Russell  
Superintendent of Schools
